July 6, 2011

Pyeongchang County, South Korea was announced as the host city for the 2018 Olympics on July 6, 2011. Pyeongchang won its bid on the first round of voting, receiving more votes than both Munich, Germany and Annecy, France. This will be South Korea's second time hosting the Olympic Games. They hosted the Summer Games in 1988. This will be their first Winter Games.

The Winter Sports

The 2018 Winter Olympics will feature 102 events in 15 sports. All sports include: alpine skiing, biathlon, bobsleigh, cross-country skiing, curling figure skating, freestyle skiing, luge, nordic combined, short track speed skating, skeleton, ski jumping, snowboarding and speed skating.

The First Olympics

The first Olympic Games were held in 1896. The host city was Athens, Greece. The first Winter Olympic Games were hosted in Chamonix, France.

Canada As Olympic Host

Canada has hosted the Olympic Games three times: the 1976 Summer Olympics in Montreal, the 1988 Winter Olympics in Calgary and the 2010 Winter Olympics in Vancouver.

Slogan For The Games

The slogan for the 2018 Winter Games is "Passion. Connected." This refers to a world in which everyone is connected with shared passion for winter sports, a world open to any generation anywhere, anytime, to open new horizons in the continued growth of winter sports.

You have to stay in shape. My grandmother started walking five miles a day when she was 60. She's 97 today and we don't know where the hell she is.

- ELLEN DeGENERES

Curling Knowledge Test Answers

1. A thicker Teflon is the faster slider.
2. Both hog hair and horse hair are used in natural brushes.
3. Curling stones are 40-42 pounds.
4. Wears down. With a large portion of the running edge of the stone in contact with the ice surface, friction is increased.
5. The grey band is called the striking band and it is designed to absorb the shock when one stone strikes another.
6. In turn. An out-turn is counter-clockwise.
7. 2-3 If there are too many rotations, the stone will not curl. If the stone does not have enough rotations, it may lose its turn.
8. Raise. A take-out is when one stone removes another stone from the playing area entirely.
9. Lead, second, third, skip.
10. The rock closest to the button is called the shot rock.
11. 10 metres from the hack to the end of the ice.
12. A stone touching the outer edge of the circles is called a "biter."
13. 4 feet. The diameters are four feet, eight feet and 12 feet.
14. Montreal was home to the first curling club in Canada.

If we are not meant to have midnight snacks, why is there a light in the fridge?
